

Name 1: _____

Name 2: _____

Please read ALL of the directions before beginning. We're going to learn about a different type of graph today and some interesting related problems.

- 1) Go to this website (it's also linked on my page): <http://www.geom.uiuc.edu/~zarembe/grapht2.html>
- 2) Read the directions on each page on the website, **writing your answers to ALL the questions in the blank space below and on the back of this page.**
- 3) When you're done with one page, click the "Next" link in the lower left hand corner to go to the next page.
